

Mylion battery specializes in innovative battery solutions, including mini UPS systems and lithium-ion batteries, offering high-quality, customizable products that leverage advanced technology to meet the diverse needs of global markets with exceptional performance and reliability.

Newly designed wall-mounted home battery, LiFePO4 10kWh battery storage system is used for peak shaving, reducing energy costs or replenishing in case of grid interruptions. The IP65 enclosure is designed to be waterproof and dust-proof, and is suitable for both indoor and outdoor installation of solar energy systems.

By choosing a 10kWh lithium phosphate solar battery, consumers can contribute to a greener planet. The reduced carbon footprint associated with these batteries makes them an excellent choice for environmentally conscious individuals and businesses.

Newly designed wall-mounted home battery, LiFePO4 10kWh battery storage system is used for peak shaving, reducing energy costs or replenishing in case of grid interruptions. The IP65 ...
