

Sofar Solar inverter - reliability and efficiency. Sofar Solar is one of the largest manufacturers of inverters in the world. For several years, Sofar inverters have won the Polish market, where they are valued for reliability, high quality and attractive price.

The photovoltaic wholesaler Solmix offers the highest quality photovoltaic panels from reliable manufacturers at the lowest prices. In the online store you can order modules by the piece, as well as in pallet quantities. For photovoltaic installers we have also prepared a special container price offer for the purchase of photovoltaic modules.

The X3 Pro is the ultimate small commercial or residential solar inverter, perfectly designed for homes with solar panels on different sides of the roof. With two MPPT trackers, the X3 Pro can be connected to two separate panel arrays, our X3 Pro is also IP65 rated meaning it can be installed outdoors.

Our advanced 15kW three-phase grid-tied inverters play a crucial role in this initiative. Beyond delivering reliable and efficient energy conversion, they act as catalysts for the widespread adoption of renewable ...

Our advanced 15kW three-phase grid-tied inverters play a crucial role in this initiative. Beyond delivering reliable and efficient energy conversion, they act as catalysts for ...

Poland will more than double its installed PV capacity between 2023 and 2025, according to research institute IEO. pv magazine spoke with IEO researcher Agata Krzyzanowska about the main market...

Our X-Hybrid Three Phase is the perfect solution for commercial properties looking to switch to solar energy storage. The X-Hybrid Three Phase can be installed in parallel, allowing up to 100kW and over 250kWh of capacity when installed with our 6.3kWh triple feed.

30kw solar power system with installation. High-end solar storage system. FS380W mono solar panel(poly optional) Vmp:38.39V Voc:47.13V Imp 9.75A . Size : 1956*992*40mm. 25 years life time (CE TUV) Coated steel ...

Our advanced 15kW three-phase grid-tied inverters play a crucial role in this initiative. Beyond delivering reliable and efficient energy conversion, they act as catalysts for the widespread adoption of renewable energy, aligning with the broader goal of creating a more sustainable and environmentally conscious energy ecosystem in Poland.

The photovoltaic wholesaler Solmix offers the highest quality photovoltaic panels from reliable manufacturers at the lowest prices. In the online store you can order modules by the piece, as ...

Solis-3P(3-20)K-4G three-phase serial string inverter is preferred reliable device for residential, small industrial and commercial PV power stations. Smaller size, higher efficiency, and variety of power models available for selection.

The inverter for PV panels can store solar energy in a battery, for example, for use in the evenings. Unused power deposits, on the other hand, go back into the grid. We offer a wide range of inverters with high efficiency and lightweight design. Our offer includes 3-phase inverters, as well as 3-phase 5G inverters.

30kw solar power system with installation. High-end solar storage system. FS380W mono solar panel(poly optional) Vmp:38.39V Voc:47.13V Imp 9.75A . Size : 1956*992*40mm. 25 years life time (CE TUV) Coated steel Glass:3.2mm Tempered. Terminal block:IP65 with MC4 connector. Efficiency performance :25 years 80 % 20 year 85% 10 years 90%

The X3 Pro is the ultimate small commercial or residential solar inverter, perfectly designed for homes with solar panels on different sides of the roof. With two MPPT trackers, the X3 Pro can be connected to two separate panel arrays, ...
