

How to buy a solar system on Sint Maarten?

Many banks already offer so-called "green loans", financing the purchase of your solar system on Sint Maarten for a monthly installment that may be even lower than the monthly price you pay for electricity now. Even though the calculation below is as up to date as possible, it is still an indication.

How much does electricity cost on Sint Maarten?

On Sint Maarten, the costs per KWh calculated in 2012 is ANG 0,73. If you are a home owner, commercial property owner or owner of an industrial building on Sint Maarten, please have a look at your electricity bills and calculate the average amount of KWh you use and the money you spend on electricity per year.

What brands of solar panels do you carry?

The brands I carry are SunPower, Mission Solar, Solaria, Trina and Panasonic. Sunpower, Trina and Panasonic panels are among the brands who manufacture panels with the highest efficiency in the world (>20%). Our preferred inverters: SMA (Sunny Boy) and Fronius. German and Austrian engineered, made in the USA.
