

In 2021, Adrem continued to develop and implement integrated solutions for the energy infrastructure (electricity and gas), sustainable technologies and services for its industry clients, with a focus on digitalization, automation, and energy efficiency.

In 2022, Adrem celebrated 30 years of impact in the energy sector, during which we have built together a more modern industry, contributing to the energy transition and to changing the mindset regarding the concept of energy.

Energy is one of the key enablers of Kenya's long term development agenda the Vision 2030 which aims to ensure Kenya becomes a "newly-industrializing, middle-income economy, providing a high quality of life to all its citizens in a clean and secure environment".

Adrem Link uses its experience to develop and deliver smart efficiency and consumption solutions highlighting green energy, dedicated to both B2B and B2C segments - turnkey solutions for energy efficiency, photovoltaic systems, energy management for ...
