

What does Aggreko do?

Aggreko provides rental power, temperature control and compressed air systems to companies around the world including diesel generators, industrial generators, commercial generators, large power transformers, load banks, fuel tanks, electrical distribution equipment, power cables and a host of other power accessories.

Where is Aggreko based?

The units, the size of a shipping container, are transported around the world from its assembly plant in Dumbarton. Aggreko relies increasingly on use of data as its operations become more complex, with 100 staff employed at a data handling centre in Glasgow.

What type of battery does Aggreko use?

Aggreko's energy storage solutions use batteries ranging from 30 kVA, 60 kVA, 250 kW, 500 kW to 1 MW. Regardless of your load profile, our smaller battery storage offers a robust, highly mobile solution for customers with varying needs. Their compact footprint and weight makes them easy to transport and appropriate for the smallest of spaces.

What is Aggreko energy transition solutions?

Small shifts make a big difference in improving efficiency, costs, and sustainability. Aggreko Energy Transition Solutions (AETS) combines deep development expertise, industry relationships, and capital to help communities and companies decarbonize with reliable and clean turnkey energy solutions and infrastructure.

Aggreko, líder mundial en el suministro de soluciones temporales de energía y sistemas de enfriamiento, presenta su negocio de Soluciones de Energía en Venezuela, para atender las necesidades de sus ...

Aggreko, líder mundial en el suministro de soluciones temporales de energía y sistemas de enfriamiento, presenta su negocio de Soluciones de Energía en Venezuela, para atender las necesidades de sus clientes en las industrias de ...

Na Aggreko, estamos comprometidos em proteger suas informações e não compartilhar seus dados com outras empresas.) Entre Em Contato +55 19 3867 6650; Aggreko offices. Encontre um escritório. procurar. Acreditamos que a energia cria potencial e oportunidades para indivíduos, comunidades, indústrias, economias e sociedades ao redor do mundo ...

Vous cherchez des locations de groupes électrogènes ? Aggreko offre la location de groupes électrogènes de 1250 kVA pour répondre aux besoins industriels ; grande échelle. Contactez-nous maintenant pour obtenir une solution sur mesure.

Our fully integrated, plug-and-play battery options offer energy storage solutions to ensure maximum system effectiveness and efficiency. Expertly manufactured to ensure every component delivers optimal system performance, our range of battery energy storage systems (BESS) aim to optimise overall operating costs, all while shrinking your carbon footprint.

The GT-20 is a 500 ton cooling tower integrated into a shipping container frame. This provides for maximum transportation efficiency globally or domestically. ... Peace of mind knowing that Aggreko is monitoring equipment status 24/7/365; With an optional air purge the GT-40 is suitable for use in Class 1, Division 2 locations; Related Products .

Scalable for Demanding Projects: Compact two-container design enables large-scale energy storage for the toughest environments, providing flexibility and enhanced load management. All-in-One Design: Built-in HVAC, fire suppression, auxiliary power, DC collector, and hydrogen detection/purging ensure safety and reliability in any setting.

Our fully integrated, battery storage is a ready-to-install energy system in a standard container. Complete with batteries, inverter, HVAC, fire protection and auxiliary components, all tested by our experts and operated by the smartest software on the market.

Aggreko is a world-leading provider of mobile modular power, temperature control and energy services. We provide temporary turnkey solutions, allowing our customers to focus on their business and production goals, knowing that everything related to power, heating, and cooling is in expert hands.

Scalable for Demanding Projects: Compact two-container design enables large-scale energy storage for the toughest environments, providing flexibility and enhanced load management. All-in-One Design: Built-in HVAC, fire ...

Solve your power generation challenges with our 500 kVA container diesel generator hire service - whether you're facing an emergency outage or a planned project. For flexible, portable power, a 500 kVA container generator will get the job done. For ...

With noise reduction and cost-effective generators - you can rely on Aggreko. Get in touch. Hire a 1500 kVA generator for effective temporary power rental. With noise reduction and cost ...

Ranging in size from 800 kW to 2 MW, Aggreko's Container rental generators feature unique synchronizing and load-sharing capabilities. 24/7 Aggreko Remote Monitoring; Benefits. Contain spillage - Save All containment base reduces ...

Discover Aggreko's diverse range of industrial diesel generators, designed to deliver a reliable, efficient, and high-voltage power supply. ... Our diesel generators range in size from 30 to 2100 kVA and are available in either a soundproofed canopy or 20-ft ISO container for enhanced security, durability and easy transportation

by road, rail ...

With noise reduction and cost-effective generators - you can rely on Aggreko. Get in touch. Hire a 1500 kVA generator for effective temporary power rental. With noise reduction and cost-effective generators - you can rely on Aggreko. Get in touch. ... Container design delivers enhanced security, durability and ease of transportation by road ...

The 310 KW model includes both the generator and skid in the 20ft container. Whilst the larger 1120 kW has the skid external to the container and the gas ancillary module stacked on top, to greatly reduce footprint. ... (CO) and particulate matter (PM) emissions, making Aggreko gas generators a greener alternative to diesel. Our lower emission ...
