

What is Aggreko ETS?

Aggreko ETS is a partnership between Aggreko and Farmers Powering Communities to accelerate community solar projects and drive the energy transition in America. Aggreko will provide a mix of technologies including solar, battery and B100 biofuel as the main sources of energy for the event, enabling nearly 10,680L of fossil fuel savings.

Who is Aggreko energy transition solutions?

Aggreko Energy Transition Solutions (ETS), a division of Aggreko Ltd., develops, owns, and operates utility scale and distributed solar and battery storage projects across the United States. ETS generates value by providing turnkey energy transition solutions to its customers that deliver affordable, reliable, and clean power.

Who is Aggreko?

Aggreko is a world-leading provider of mobile modular power, temperature control and energy services. We provide temporary turnkey solutions, allowing our customers to focus on their business and production goals, knowing that everything related to power, heating, and cooling is in expert hands.

At Aggreko Energy Transition Solutions (AETS), our mission is clear: to advance the energy transition through the development, ownership, and operation of clean energy infrastructure across the U.S. We are dedicated to developing solar and storage assets that are not just clean, but also reliable and economically sound.

Farmers Powering Communities is an ideal investment opportunity for Aggreko ETS, as the initiative brings together a development firm pioneering "social impact solar" in Edelen Renewables; America's leading farmland preservation organization, American Farmland Trust; and the nation's largest subscriber of community solar power, Arcadia ...

Leverage Aggreko's operations across North America, South America, Europe, Asia, and Africa for a comprehensive solution. Breadth of Clean Energy Solutions Onsite decarbonization solutions combined with community and utility scale solar.
