

Who is Aleo Solar?

Aleo Solar GmbH produces and distributes solar modules and systems. It was founded in 2001. Its plant in Prenzlau, Germany, provided the company with an annual production capacity of 280 megawatts by 2015.

What happened to Aleo Solar?

In April 2014, Aleo Solar AG announced its liquidation. In May 2014, the production in Prenzlau and the brand "aleo" were sold to Aleo Solar GmbH (former SCP Solar GmbH). Their distribution network for solar panels covers over 65 distributors and wholesalers, across over 21 different countries.

When did Aleo Solar go public?

The company was founded in 2001 originally as S.M.D. Solar-Manufaktur Deutschland GmbH & Co. KG in Prenzlau and started in August 2002 with the production of solar modules. In 2005, S.M.D. was renamed Aleo Solar AG. The company went public in July 2006 and is listed on the Frankfurt Stock Exchange (ISIN: DE000A0JM634).

As German solar pioneers, we are absolute experts in the construction of rooftop modules. But we thought ahead early on and started to take the possibilities of our technology to new levels. Today you will find modules for the classic rooftop system, as well as solar roof tiles and unusual products for solar construction.
