It will take place at Messe D&#252;sseldorf from March 10-12, 20. The DLR Institute of Engineering Thermodynamics will be represented with its own stand in Hall 08B, Booth B16 and will gain insights into the research in the field of energy storage in the Department of Electrochemical Energy Technology with a focus on fuel cells and segmented battery.

Energy Storage Europe is the trade fair for the global energy storage industry with focus on applications and energy systems. The international specialist conferences, taking place in parallel, offer the world's largest conference programme on all energy storage technologies.

It envisages the construction of 48 hybrid solar systems coupled with off-grid battery storage, targeting an installed capacity of 719 MWh of available energy. The Rural Electrification Project is implemented by MCA,

the Angolan government, a consortium of banks and the German Export Credit Agency - Euler Hermes (ECA).

Messe Düsseldorf expands Energy Storage Europe into an Expo for Decarbonised Industries. The new format will be held from 20 to 22 September 2022 at the Düsseldorf trade fair centre in...

Messe Düsseldorf expands ENERGY STORAGE EUROPE into an Expo for Decarbonised Industries. The new format will be held at the Düsseldorf trade fair centre in parallel with the world-leading trade fair glasstec. Along with a variety of storage solutions, it offers the industrial and commercial sectors a range of products and solutions, along ...
