

Who is Aton Green storage?

ATON Green Storage is among the first Italian companies active in the development and production of innovative systems for the storage of electrical energy from photovoltaic sources.

What is Aton storage system?

Entirely designed, created and assembled in Italy, ATON storage systems make it possible to store the energy produced by photovoltaic systems, maximizing self-consumption and saving on energy costs and significantly reducing emissions thanks to the use of renewable energies, both for the residential sector and for the industrial sector.

Why should you choose Aton?

With features of great innovation in the field of energy efficiency, renewable energy and technologies for improving their use, ATON develops storage systems mainly for the residential market and small C&I, which allow you to make full use of electricity produced by a photovoltaic system, even in the evening or at night.

La nostra missione in Aton Green Storage &#232; guidare la transizione energetica verso un futuro pi&#249; sostenibile, offrendo soluzioni avanzate di accumulo energetico e gestione dell'energia. Ci impegniamo a PROMUOVERE L'ADOZIONE DI ENERGIE RINNOVABILI, facilitando l'integrazione di fonti di energia rinnovabili nei sistemi energetici esistenti.

ATON Green Storage &#232; tra le prime aziende italiane attive nello sviluppo e nella produzione di sistemi innovativi di accumulo di energia elettrica da fonte fotovoltaica. La Societ&#224; nasce nel 2015 come Aton srl, per iniziativa di un gruppo di imprenditori italiani e riunisce un team di ingegneri con un'esperienza consolidata nel settore.

Aton Green Storage S.p.A. &#232; una PMI innovativa leader italiano nel mercato dell'ingegnerizzazione e produzione di sistemi di accumulo per impianti fotovoltaici - Battery Energy Storage System e tra le prime aziende italiane ad operare in questo settore.

ATON Green Storage is among the first Italian companies active in the development and production of innovative systems for the storage of electrical energy from photovoltaic sources. The company was founded in 2015 as Aton srl, on the initiative of a group of Italian entrepreneurs and brings together a team of engineers with consolidated ...

Aton Green Storage S.p.A. is an innovative SME and Italian market leader in the engineering and production of storage systems for photovoltaic systems - Battery Energy Storage Systems and one of the first Italian companies to operate in this sector.
