

Does Azerbaijan have a long-term energy strategy?

Azerbaijan has been working towards a long-term energy strategy for several years. As the oil and gas sector remains the backbone of the economy, the country has been looking to improve the efficiency with which it uses its energy resources.

What is Azerbaijan's potential for small hydropower?

Although hydropower is Azerbaijan's largest source of renewable energy today, its potential has not been fully exploited. According to the Ministry of Energy, the country's technical potential for small hydro is 520 MW, which could generate up to 3.2 TWh annually.

How can Azerbaijan improve energy security?

Diversifying and improving the energy capacity of the country to ensure energy security. Azerbaijan has significant untapped renewable energy potential, as it is a relatively sunny and windy country, and it also has sizeable hydro, biomass and geothermal resources.

What is Azerbaijan's energy supply?

Azerbaijan's domestic total energy supply (TES) relies on natural gas (68% in 2020) and oil (31% in 2020). Natural gas is used to generate most of the electricity and heat in the country (over 90% in 2020). Fuel oil was phased out in the early 2000s, but had to be briefly reintroduced following the gas supply squeeze in 2015-2017.

What is Azerbaijan's energy potential?

According to the Ministry of Energy, the country's technical potential for small hydro is 520 MW, which could generate up to 3.2 TWh annually. Azerbaijan's Renewable Energy Agency under the Ministry of Energy (formerly SAARES) states that the country has up to 800 MW of geothermal energy potential.

How much CO₂ does Azerbaijan emit?

The latest official GHG emissions figures are from 2017, when emissions were 38% below 1990 levels and the energy sector accounted for 75% of total emissions. According to the most recent IEA data, in 2017 Azerbaijan's CO₂ emissions from fuel combustion amounted to 30.9 Mt (+6.6% since 2005; -42.1% since 1990).

Law of the Republic of Azerbaijan No. 1201-VQ dated June 29, 2018 on permission to adopt, approve and implement the agreement among the State Oil Company of the Republic of Azerbaijan and Statoil Azerbaijan Ashrafi Dan Ulduzu Aypara BV and SOCAR Joint oil company on "the Exploration, Development and Production Sharing (PSA) for the Ashrafi -Dan Ulduzu ...
