

TORONTO, CANADA - GOLDBECK SOLAR, a German-based leading provider of solar energy solutions, is thrilled to announce the rebranding of its North American EPC Division, formerly known as GP JOULE EPC North ...

Werden Sie selbst zum Energieproduzenten. Speisen Sie Ihren gr&#252;nzen Strom in das Netz ein. 2015 ging unserer erste 50-MW-Anlage ans Netz. Heute betreibt GOLDBECK SOLAR in Midden-Groningen den gr&#246;&#223;ten Solarpark der ...

Die Joachim Goldbeck Holding GmbH als Gesellschafterin der GOLDBECK-SOLAR-Gruppe ist jetzt Mehrheitsgesellschafterin von PMT (Premium Mounting Technologies). Eine Kooperation, die den Weg f&#252;r Neuentwicklungen und Produktoptimierungen in der Solarbranche ebnet. Mit dieser strategischen Allianz bietet GOLDBECK SOLAR seinen Kunden ein Plus an ...

18th March 2021 - The German GOLDBECK SOLAR Group, an internationally integrated developer and constructor of large-scale solar power plants with a 20-year track record, has reached today the successful financial closing of Akadyr Extension with the European Bank for Reconstruction and Development (EBRD).

GOLDBECK SOLAR gibt die erfolgreiche Fertigstellung des Solarparks Wunsiedel bekannt. Mit einer installierten Leistung von 37 MWp wird die Anlage j&#228;hrlich rund 38.584 MWh sauberen Strom erzeugen ...

Goldbeck Solar GmbH is a solar energy company headquartered in Hirschberg an der Bergstra&#223;e in Baden-W&#252;rtemberg. The company offers utility-scale photovoltaic systems for open spaces or industrial and commercial roofs, as well as their commissioning and maintenance in Europe, South and North America and Central Asia .

From the German side, the collaborators of the Federal Ministry of Economic Affairs and Energy, German Energy Agency, German-Azerbaijani Chamber of Commerce, German Solar Industry Association, "Stadtwerke Emden GmbH", "Goldbeck Solar GmbH" attended the event.

Goldbeck Solar has confirmed the completion of a 49.6MW solar farm in the UK as the company looks to grow its business O& M business in the market. The site was connected on 30 March, a day before ...

The solar park built in the middle of the Karaganda steppe in Kazakhstan has a capacity of 50 MWp within an area of 125 hectares. For its installation 150 thousand solar panels and a ...

18th March 2021 - The German GOLDBECK SOLAR Group, an internationally integrated developer and

constructor of large-scale solar power plants with a 20-year track record, has ...

The project marks AIIB's first private-sector renewable energy initiative in Azerbaijan, aligning with AIIB's Green Infrastructure thematic priority and supporting the Bank's Corporate and Energy Sector strategies. The solar PV plant is expected to deliver clean, affordable electricity, avoid greenhouse gas emissions by approximately ...

For GOLDBECK SOLAR, the 29 MWp photovoltaic park is the largest project in Spain to date. The solar park is being built in the municipality of Valladolid in the Castilla y Le#243;n region, which with an average of seven to eight hours of sunshine per day offers optimal conditions for high solar radiation and efficiency. A total of 45,450 bifacial ...

The invited experts at the event were Prof. Dr. Jens Str#252;ker from the University of Bayreuth, Prof. Dr. Ing. Michael Powalla from the Center for Research on Solar Energy and Hydrogen Baden-W#252;rtemberg and Joachim Goldbeck, President of the German Solar Energy Association, founder of the Goldbeck Solar Group.

Goldbeck Solar, in collaboration with Austrian renewable energy project developer Imwind, is set to build a five-megawatt agri-photovoltaic plant in Gaweinstal, located northeast of Vienna. The project, featuring 8,200 Trina tracker modules, aims to enhance solar energy yield and agricultural efficiency.

Umfassende Dienstleistungen. Unsere Dienstleistungen umfassen die gesamte Wertsch#246;pfungskette einer Photovoltaikanlage: von der Projektentwicklung und -finanzierung &#252;ber den Bau und der Integration von Speichertechnologien, bis zum technischen Betrieb und Asset Management der Solaranlagen und dem direkten Verkauf von sauberer Energie.. GOLDBECK ...

GOLDBECK SOLAR begleitet seine Kunden in der Projektentwicklung ab dem ersten Schritt. Gemeinsam planen wir Ihren Solarpark und unterst#252;tzen Sie von der Idee bis zur schl#252;ssfertigen L#246;sung. Dabei profitieren Sie von unserer langj#228;hrigen und internationalen Erfahrung. Wir stellen einen strukturierten und optimierten Projektablauf sicher.
