

What is a solar balcony bracket?

SOEASY (XIAMEN) PHOTOVOLTAIC TECHNOLOGY CO.,LTD. With the rise of solar balcony, SOEASY has developed mounting brackets for different types of solar modules. This is a balcony bracket specially designed for installing flexible module.

What is a balcony bracket?

This is a balcony bracket specially designed for installing flexible module. The aluminum alloy frame supports the flexible components, and the solid textile straps with adjustable support feet fix the overall photovoltaic components on the balcony fence.

What is a fixed balcony solar mounting structure?

The fixed balcony solar mounting structure is the most simple direct system in the SOEASY balcony support series. A photovoltaic module can be installed with only 4 micro-supports. The modules are fixed parallel to the balcony fence, which can easily meet the installation and construction of general apartment household photovoltaic systems.

What is hanging balcony solar mounting structure?

The hanging balcony solar mounting structure is a high-quality household photovoltaic mounting structure system. By connecting the photovoltaic modules with zinc-aluminum-magnesium hooks and hanging and fixing the modules on the balcony fence, the system is easy to build.

Can a solar balcony affix to a balcony?

Thanks to large adjustment, this balcony mounting design can affix to most common size balconies. And it is compatible with metal railings. Completely pre-assembled, the SolarBalcony simply need to be unfolded and secured to the balcony for installation.

Why should you choose solar balcony?

All these features result in a fast, easy and cost efficient installation, crucial for residential projects. SolarBalcony contains only 6005-T5 Aluminum alloy and 304 stainless steel, in different anodized thicknesses, which makes it suitable for even the toughest of environments, such as corrosive sites close to the coast.
