

Are tubular batteries available in Pakistan?

Tubular batteries are available in Pakistan. They can be purchased both online and offline. These batteries are successful due to their genuine and good price-quality ratio. Tubular batteries are beneficial as they can operate at extreme temperatures and are used in high cyclic applications.

What is battery transport & storage container?

The Battery Transport & Storage Container, helps companies comply with the various regulations governing the storage and transportation of spent lead acid batteries. And thereby reduce their legal and insurance risks..

Why should you choose a BTS container for used car batteries?

The 6.5 Gal bunded base captures and prevents acid leaks into the environment and the weather resistant design enables batteries to be stored outdoor. The BTS Container also provides a convenient & clearly identified location for used lead acid battery storage. 2. Safe & Convenient Used Car Battery Transportation

What is a BTS container?

The BTS Container is designed for used lead acid batteries to be collected from the "coal face", the Used Battery Generators, and be delivered directly to the Battery Recycling Facilities, where the used batteries can be automatically unloaded. From the point of storage to the battery recycler, there is no manual handling of batteries required.

What is a battery container & how does it work?

1. Safe & Convenient Used Car Battery Storage The Battery Container's front load configuration enables the ergonomic loading of heavy car batteries into the Battery Container. The 6.5 Gal bunded base captures and prevents acid leaks into the environment and the weather resistant design enables batteries to be stored outdoor.

Why should you use uniseg's battery transport & storage container?

The lockable over-center latches can secure the used car batteries against theft. The figure below shows UNISEG's Battery Transport & Storage Container, closed and ready for the immediate, safe & secure transport of your spent or used car batteries and other lead acid batteries.
