

Off-grid Solar empowers you with self-sufficiency and independence. Discover the perfect solution for your remote cabin, communication site or island retreat. This system allows you to harness the power of the sun and store it in a battery bank, giving you the flexibility to use electricity whenever and wherever you need it.

If you have a property off-grid, have a home or business which suffers disruption to supply on a frequent basis or are looking to reduce your energy bills and your carbon footprint in the long term, Solar Heat and Cool have the solutions. We design, supply and install solar technology across Stann Creek and southern Belize.

With a little planning and research, you can have a solar system that will provide you with clean, renewable energy for many years to come. To learn more about building off-grid in Belize reach out to us and we can help you determine the best way for ...
