

From residential and commercial solar systems, to large backup battery solutions, to providing charities with funding to deploy solar, we have implemented hundreds of custom designed solutions around the island. Let us know if you have a specific project or idea in mind. We'll help you make a sensible investment.

This project is a significant achievement for Saturn Power, BELCO, the government and the people of Bermuda, as it is the country's first utility-scale, renewable energy facility. Using over 20,000 photovoltaic solar panels, Saturn Power developed this 6 MW AC solar photovoltaic (PV) power generation facility, at "The Finger" on St. David ...

A solar electricity system installed by BE Solar can provide clean power for up to 75% less than current electricity rates. Our team provides the most robust and highest quality solar panels, with safe and reliable microinverters and tough, ...

As many of us try to reduce our carbon footprint, as well as our BELCO bills, the outlook for solar energy systems seems bright, but where do you start? How reliable is solar technology and do the potential savings outweigh the up-front costs?

Maxeon is the only solar manufacturer that offers a comprehensive 40 year warranty on their panels, inclusive of all shipping and labor costs. Our Maxeon solar systems have proven to last longer than any other in Bermuda's harsh climate, giving you ...

Maxeon is the only solar manufacturer that offers a comprehensive 40 year warranty on their panels, inclusive of all shipping and labor costs. Our Maxeon solar systems have proven to last longer than any other in Bermuda's harsh ...

BE Solar offers the best in solar electricity systems for Bermuda's harsh climate. We carry modular, completely integrated systems that are designed to expand with your growing needs or repair and replace over time.

Power up your Bermudian paradise with BE Solar: Bermuda's leading energy solutions provider, empowers you to embrace clean, sustainable power. We expertly design, sell, and install premium solar panels, reliable batteries, and cutting-edge EV ...

A solar electricity system installed by BE Solar can provide clean power for up to 75% less than current electricity rates. Our team provides the most robust and highest quality solar panels, with safe and reliable microinverters and tough, leak-free attachments that are designed to withstand the unique environmental conditions of Bermuda.
