

What is Monaco Energy Renouvelables?

To support Monaco's transition, the Prince's Government and Sociéte Monégasque de l'Electricité et du Gaz (SMEG) pooled their skills in 2017 to create Monaco Energies Renouvelables (M.E.R.), with the aim of giving Monaco 100% green electricity production capacity equivalent to the territory's consumption.

Why should you choose a local solar company?

Research over many thousands of installations shows that there are several good reasons to go local. SolarReviews data, from tens of thousands of reviews of solar companies, shows that local, family-owned solar companies record far higher levels of client satisfaction.

When did public lighting become Electric in Monaco?

Public lighting became electric and, on 23 December 1936, Louis II, Prince of Monaco, granted a 30-year concession to SMG, Sociéte Monégasque du Gaz, a newly-created subsidiary of CIG (Compagnie Industrielle du Gaz). All of Monaco's energy production was then provided by subsidiaries of French companies.

Why should I choose a local solar installer?

SolarReviews data, from tens of thousands of reviews of solar companies, shows that local, family-owned solar companies record far higher levels of client satisfaction. This is why we recommend going with a company that's local to your area rather than a nationwide installer. How can I find solar installers near me?

Panasonic. Best for roofs with tight spaces. Panasonic is most commonly known in the U.S. as a TV and small appliance manufacturer, but the Japanese company is also a global leader in solar panels.
