3 ???&#0183; When South Korean President Yoon Suk-yeol declared martial law on the evening of Dec. 3, shock reverberated through the halls of governments and think tanks in both Seoul and Washington.

The blue that forms the lower part symbolizes Eum or Yin, the passive and cool feminine energy. This contrasts perfectly with its lively and fiery red upper half. Some believe that the red and negative cosmic forces of blue are the North and South divisions of Korea. Image Source: Pixabay. Elements, directions, and dragons

The share of renewable energy (RE) in South Korea's electricity generation mix grew from 2.5% in 2012 to 8.9% in 2022, an increase of 6.5 percentage points (hart 1). This result compares poorly with global progress, especially those observed in the other OED (Organization for
