Boviet solar is a leading solar energy technology company founded in 2013 in Vietnam. We specialize in manufacturing advanced monocrystalline PERC and TOPCon solar cells, as well as Gamma Series(TM) monofacial and Vega Series(TM) bifacial solar modules for residential, commercial, industrial, and utility-scale solar applications.

Bouvet Solutions has a strong track record in: capacity building, valuation, decision analysis, negotiation, project delivery, organisational transitions, and technology commercialisation. Our ethos is based on truly independent, dependable, discrete advice to governments and industry.

Contact us at [email protected] Island Power Solutions is a Universal Kraft company, an independent multinational corporation specialized in renewable energy solutions. Envelope LinkedIn

Our solar modules are meticulously designed to meet the specific needs of residential, commercial, industrial, and utility-scale solar projects. They enable cleaner energy sources, promote energy independence, enhance resilience and security, achieve cost savings, improve operational efficiency, reduce carbon emissions, and support economic ...
