The independent power producer (IPP) project will be the first grid-connected photovoltaic (PV) array in Guinea. The PPA milestone was announced on Wednesday by InfraCo Africa, which is developing the project with the support of Aldwych Africa Developments Ltd, in partnership with French solar developer Solveo Energie SAS.

Resource Conservation (water, energy, materials) Our project conserves water, energy, and materials for minimal impact on the environment. Energy Efficiency Compared to traditional methods, our project uses energy more efficiently, reducing emissions and enhancing energy conservation.
