

Who is LDK Solar?

Established in 2005 in China, LDK Solar is a leading producer of solar wafers in terms of capacity and a leading high-purity polysilicon and solar module manufacturer. The company has expanded its business to meet the solar industry's requirements for high-quality and low-cost solar materials and solutions.

How many employees does LDK Solar have?

As a vertically integrated manufacturer and supplier of photovoltaic (PV) products, LDK Solar has more than 21,900 employees worldwide. In 2009, LDK Solar expanded the scope of its vertical integration strategy to include sales of solar modules to developers, distributors and system integrators.

What is LDK Solar's vertical integration strategy?

In 2009, LDK Solar expanded the scope of its vertical integration strategy to include sales of solar modules to developers, distributors and system integrators. LDK produces monocrystalline and polycrystalline solar panels with high efficiency. [clear]
