

Durable Inverter Battery Cabinet. Looking for a durable solution to protect your inverter batteries? Let's connect with Applied Power Group. We know how important it is to safeguard your investments and keep your operations going smoothly. Our sturdy battery cabinets can handle tough conditions and constant use.

Built on the foundation of the DuraRack battery cabinet, the FlexTower combines the battery, charge controller, and inverter into a single unit with an LCD control panel, and remote monitoring capability. The FlexTower is easy to install and carries ...

This iron enclosure stores up to 4 eFlex 5.4kWh batteries, and is expandable up to 4 units (15 eFlex batteries, 81KWh). The DuraRack includes integrated busbars and a DIN rail heater mount. This enclosure can be free ...

Explore the BSLBATT ESS-GRID Cabinet Series, an industrial and commercial energy storage system available in 200kWh, 215kWh, 225kWh, and 245kWh capacities, designed for peak shaving, energy backup, demand response, and enhanced solar ownership, while supporting grid-tied, off-grid, and hybrid solar systems and pairing with diesel generators.

Industrial grade carbon steel - heavy duty Powdered coated Digital Volt and Amp display Fits up to 12 - 8D batteries OR 10 batteries and an inverter 3 shelves - each shelf measuring 41 1/2" W x 25" D x 11 1/2" H Heavy duty caster wheels ...

Expand your energy storage with the new Fortress Power FlexRack! This iron enclosure stores up to 4 eFlex 5.4kWh batteries. The FlexRack paired with multiple eFlex batteries can build a 48V UPS server rack or provide storage capacity to home solar arrays. The FlexRack includes integrated busbars, wheels, and a DIN rail heater mount.

Industrial grade carbon steel - heavy duty Powdered coated Digital Volt and Amp display Fits up to 12 - 8D batteries OR 10 batteries and an inverter 3 shelves - each shelf measuring 41 1/2" W x 25" D x 11 1/2" H Heavy duty caster wheels with brake Cabinet handle with lock SB350 battery connection cable

Battery charger OPUS Inverter Systems are robust, free convection cooled, N+1 redundant DC to AC power conversion solutions for critical infrastructure applications. Inverter systems can be integrated to OPUS Power System and monitored via VIDI controller. Inverter Cabinet systems are configured according to project requirements.

Battery charger OPUS Inverter Systems are robust, free convection cooled, N+1 redundant DC to AC power

conversion solutions for critical infrastructure applications. Inverter systems can be integrated to OPUS Power System and ...

This iron enclosure stores up to 4 eFlex 5.4kWh batteries, and is expandable up to 4 units (15 eFlex batteries, 81KWh). The DuraRack includes integrated busbars and a DIN rail heater mount. This enclosure can be free-standing or pad mounted and ...
