Solar & Storage Live is Africa's largest renewable energy exhibition that celebrates the technologies at the forefront of the transition to a greener, sma. Solar & Storage Live Africa 2024 is held in Johannesburg, South Africa, from ...

The ECOWAS Centre for Renewable Energy and Energy Efficiency (ECREEE) inaugurates a solar mini-grid project in Ch#227; das Caldeiras, Cabo Verde, providing universal electricity access to 800 residents. Funded by the Cabo Verde government, USAID, and ECREEE, the project marks a significant milestone in sustainable energy development.

On Thursday, July 18, 2024, the United States government, through the U.S. Agency for International Development (USAID) and Power Africa, in partnership with the Government of Cabo Verde and the private sector launched a clean energy solar mini-grid plant located at Ch#227; das Caldeiras in the Santa Catarina do Fogo Municipality.

State-owned Unidade de Gestao de Projetos Especiais (UGPE) published a tender on 8 March to build four solar PV plants, including a 1.3MW plant on Fogo island, a 1.2MW facility on Santo Antao island and two 0.4MW plants on the islands of Sao Nicolau and Maio, along with a storage component.
