

# Can solar power still be generated in Toronto

Does Toronto Hydro need a solar system?

In addition to meeting Toronto Hydro's connection requirements, solar installations must meet electricity safety requirements set out by the Ontario Electrical Safety Code (OESC) administered by the Province's Electrical Safety Authority (ESA).

Are solar panels exempt from zoning by-laws in Ontario?

As a result of Regulation 508/18 and Section 25.35.1 of Ontario's Electricity Act, roof or wall-mounted solar systems installed in compliance with the Building Code are exempt from zoning by-laws. Please refer to the 508/18 and Section 25.35.1 of Ontario's Electricity Act to learn more.

Are ground mounted solar installations zoning regulated in Toronto?

In addition to local zoning review by the City of Toronto, ground mounted solar installations are subject to environmental permitting requirements set out by the province, administered by the Ministry of Environment, Conservation and Parks. Solar projects under 10 kW are exempt from both EASR and REA.

Can I install solar on my Toronto Hydro Bill?

Administrative fees on your Toronto Hydro bill, such as the delivery charges, will still apply. When solar design is not considered in the early stages of construction/renovation of a building, it may become technically or financially unfeasible to install solar.

Could Toronto's rooftops harness solar power?

Here's how we could harness solar power at these Toronto landmarks Even in a northern climate, Toronto's rooftops are an incredible untapped resource -- collectively, they could provide 6 gigawatts of power- about one sixth of all grid-scale solar currently installed in Ontario.

Does Toronto Hydro have a net metering requirement?

Net metering requirements are administered by Toronto Hydro. All solar PV installations in Toronto require Toronto Hydro's approval to connect into the electricity grid, a process called 'interconnection'. This interconnection approval must be granted before a solar PV installation is allowed to operate.
