What is Centrica Storage Limited?

The long term aim for Centrica Storage Limited is to turn Rough into the largest long duration energy storage facility in Europe,capable of storing both natural gas and hydrogen with the goal of bolstering the UK's energy security. Formerly Centrica Storage Limited (CSL),we have recently changed our name to signify a change in ambition.

Who is Centrica Energy?

Centrica Energy is our global energy trading and logistics arm. We trade power,gas,LNG,and energy attributes and connect producers,suppliers and offtakers in the wholesale energy markets - and we provide our clients with the best route-to-market services available to the market today with physical and financial settlement approaches.

Battery energy storage systems play a crucial role in integrating more renewable energy into the grid. Reliant on climate-related factors including sunlight and wind speed, our growing dependency on renewables forces us to rethink how we balance production and consumption in the energy system via flexibility.

Chris O'Shea, Group Chief Executive, Centrica said: "The energy transition is an opportunity that could transform lives across the UK. But with a changing energy mix, and more intermittency from renewables, we ...

Centrica Energy is an energy trading company operating out of eight offices across all time zones to move energy from source to use. Our mission is to drive the green transition while offering sustainable and predictable energy costs for energy producers, suppliers and offtakers.
