Opti-solar inverters are made by a Chinese company based in Taiwan. Opti is a relatively new entry into the Nigerian inverter market. It sold its first inverters in 2007. Their first project in Africa was in 2013. But they are gaining grounds among dealers and users. They make a wide range of inverters.

Convalt Energy has partnered with Chad's Ministry of Water and Energy to build three community solar plants in Lai, Bongor, and Moundou, delivering 3 MW of solar power and 1.5 MWh of battery storage. These projects aim to strengthen Chad's energy production capabilities and meet the growing demand for electricity.
