

Who is Missouri wind & solar?

Missouri Wind and Solar is a small business supplying wind and solar equipment worldwide. Founded in 2008 with a focus on DIY, Missouri Wind strives to educate individuals so they can successfully become energy independent.

What does Missouri wind & solar do every day?

That's what we do every day. Distill years of learning, studying, and tinkering so you can benefit from it and create your own clean, renewable, reliable, and independent energy. Missouri Wind and Solar is a small business supplying wind and solar equipment worldwide.

Does Missouri wind and solar offer alternative energy systems?

Missouri Wind and Solar offers alternative energy systems. Want a quote from this business?

Missouri Wind and Solar is a DIY oriented alternative energy company. We help customers design and install their own systems with free diagrams, videos, podcasts, and tech support - before and after the sale. Since 2007 we've been helping people achieve energy independence by selling wind and solar systems worldwide.

From our 15-person strong small business in the town of Seymour, Missouri (which we -- not coincidentally -- run almost entirely on renewable energy), Missouri Wind and Solar exports wind...
