Where are the Cocos Islands located?

The Cocos Islands (also referred to as the Keeling Islands) is an Australian territory that uses Western Australian law, policed by officers from the Australian Federal Police (AFP), votes in the federal electorate of Lingiari in the Northern Territory and covers just 14 square kilometres.

Why should you visit the Cocos Islands?

Holidaymakers land at the Cocos Islands airstrip and discover a landscape that barely seems real; thick with coconut palms,stark white sand and filled in with the turquoise water of the lagoon - like an improbably perfect movie set. The trade winds that blow from March until November make the Islands perfect for wind-surfing.

At Wickes Solar powered by Solar Fast, our warranty covers your panels for 30 years, but they can last for over 40. The biggest risk to solar panels come from damage or degradation. In the UK, we expect solar panels to have a medium degradation rate of 0.5% per year, so you've got a while before any problems will arise.

Here are 5 ways for you to get the most out of your solar panels: Keep your solar panels out of the shade. Even though solar panels are clever enough to create energy without being in direct sunlight, more sunlight means more electricity. Be mindful of trees that grow or any objects that could block your solar panels light source.
