

# Do photovoltaic panels need regular maintenance Zhihu

Do solar panels need maintenance?

Solar panels generally require very little maintenance in order to function,so yes,you can usually just let them be. The only thing most solar panels need is a periodic light cleaning to make sure dirt,leaves,and other debris aren't obstructing the sun's rays.

Do solar panels need to be cleaned?

Be sure to clean the panels early in the morning before they get too hot from the sun; cold water and hot panels do not mix! Solar panel maintenance and cleaning is not covered under panel warranties,but if your solar panels are damaged,they will usually be covered. Do solar panels need to be maintained?

How often should a solar panel be cleaned?

Solar panels require very little maintenance,especially if they are on a tilt,as rain can wash away any debris. It is generally recommended that you perform solar panel cleaning between two and four times per year. Take extreme care when cleaning. Clean from the ground,as climbing around on your roof can be dangerous.

Should I repair or modify my solar panels?

Don'ts: Don't attempt to repair or modify your solar panels yourself,especially if you're not trained or experienced in solar panel maintenance. DIY repairs can void warranties and may result in further damage to your system or even personal injury.

Do I need a professional solar panel service?

However,if more specialized maintenance or repairs are needed,it may be best to contact a professional. The cost of professional solar panel services will vary depending on the provider. Most solar panel manufacturers offer warranties that range from 20 to 25 years.

Are solar panels durable?

Solar panels are designed to be durable. Top-quality solar panel installations allow PV systems to withstand all kinds of weather,from wind and rain to snow and more. You'll be glad to know that solar panels hold up well against hail,as found by the Department of Energy.
