

Dukosi Ltd develops revolutionary technologies that dramatically improve the performance, safety, and efficiency of battery systems, and enable a more sustainable battery value chain. The company provides a unique cell monitoring solution based on chip-on-cell technology

Dukosi General Information Description. Provider of high-performance battery systems designed for electric and hybrid cars. The company's cell-based solutions have longer lifespans, less wiring, and higher second-life value and also provide real-time data on individual cell performance, enabling customers to get clean, reliable, renewable electricity powers for their vehicles, ...

Dukosi Ltd, the technology company revolutionizing the performance, safety and sustainability of battery systems, announced the strategic leadership appointment of Mark Pinto as the company's new Chief Executive Officer with immediate effect. Pinto will succeed Nat Edington, who resigned for personal reasons, providing a smooth transition of ...

EDINBURGH, United Kingdom, 17 September, 2024 -- Dukosi Ltd, the technology company revolutionizing the performance, safety and sustainability of battery systems, announced the Dukosi Cell Monitoring System (DKCMS) for safety critical, next generation battery systems is ready for production. DKCMS Core hardware has gone through extensive ...

More for DUKOSI LIMITED (SC259887) Registered office address 3rd Floor Exchange Crescent No. 1, 1-7 Conference Square, Edinburgh, Scotland, EH3 8RA . Company status Active Company type Private limited Company Incorporated on 27 November 2003. Accounts. Next ...

Through our unique chip-on-cell technology, Dukosi is already leading the industry towards a truly sustainable battery value chain via weight and component reduction, improved performance ...

Dukosi Ltd, the technology company revolutionizing the performance, safety and sustainability of battery systems, and Suzhou Hengmei Electron Technology Inc. ("Hengmei") today announced the Joint Development Laboratory at Hengmei's facility in Suzhou, China. The lab will accelerate the development and adoption of chip-on-cell-based ...

Dukosi chip-on-cell technology with C-SynQ communication is extremely robust and power efficient. Unlike other communication systems, C-SynQ is designed for safety-critical environments in large battery systems from the ground-up. It ...

Dukosi Ltd. (Dukosi) embodies Frost & Sullivan's definition of a market leader by developing a revolutionary battery cell monitoring solution that provides insights into the status, health, and performance of

cells in real time using its unique contactless data transmission. The ...

Dukosi Cell Monitoring System mit C-SynQ<sup>®</sup> zur Optimierung der Batterieleistung  
Unternehmensprofil Dukosi entwickelt revolutionäre Technologien, welche die Performance, Sicherheit und Effizienz von Batteriesystemen drastisch verbessern und eine nachhaltigere Wertschöpfungskette für Batterien ermöglichen.

EDINBURGH, Scotland, Sept. 17, 2024 /PRNewswire/ -- Dukosi Ltd, the technology company revolutionizing the performance, safety and sustainability of battery systems, announced the Dukosi Cell ...

Dukosi Ltd. Recognized with Frost & Sullivan's 2023 Global Market Leadership Award for Revolutionizing the Battery Cell Monitoring Industry Dukosi is a pioneering developer of cell monitoring and battery management technology, offering cutting-edge solutions for real-time monitoring and accurate data analysis  
SAN ANTONIO, Jan. 23, 2024 /PRNewswire/ -- Frost & ...

Dukosi Ltd. Recognized with Frost & Sullivan's 2023 Global Market Leadership Award for Revolutionizing the Battery Cell Monitoring Industry. Content type: Press release. ... The Dukosi chip-on-cell solution continuously ...

Dukosi Ltd, a technology company dedicated to revolutionizing the performance, safety and sustainability of battery systems, announced that its Dukosi Cell Monitoring System (DKCMS) is now ready for mass production.

With each Dukosi Cell Monitor providing highly accurate granular information into each cell's behavior and lifetime status, it provides better insights into a battery pack's long-term use, giving the confidence to unlock more energy from each cell ...

Dukosi Ltd. (Dukosi) embodies Frost & Sullivan's definition of a market leader by developing a revolutionary battery cell monitoring solution that provides insights into the status, health, and ...
