

Why should you choose eclectic Energy Ltd for your D400?

A combination of the advanced air blade and alternator design delivers unparalleled efficiency in low wind speeds together with the ability to produce sustained high outputs in high winds. Eclectic Energy Ltd's attention to design and quality should ensure your D400 gives years of trouble-free service.

What is the power of the wind turbine D400?

The wind turbine D400 is a production of ECLECTIC ENERGY HQ, a manufacturer from United Kingdom. This manufacturer has been in business since 1999. The rated power of ECLECTIC ENERGY D400 is 0,42 kW. At a wind speed of 2,5 m/s, the wind turbine starts its work. The rotor diameter of the ECLECTIC ENERGY D400 is 1,1 m. The rotor area amounts to 1 m².

Does eclectic Energy Ltd offer trouble-free service?

Eclectic Energy Ltd's attention to design and quality should ensure your D400 gives years of trouble-free service. Please feel free to contact us if you require additional advice or guidance.

What is the eclectic energy D400 Cookie?

The ECLECTIC ENERGY D400 has been listed since 22.12.2019. This cookie is native to PHP applications. The cookie is used to store and identify a users' unique session ID for the purpose of managing user session on the website. Who is eclectic energy?

Eclectic Energy is delighted to be associated with Jimmy Cornell and the Blue Planet and Atlantic Odyssey sailing events. Jimmy Cornell, a prolific author and authority on long distance cruising, founded the Atlantic Rally for Cruisers (ARC) in the late 1980s. Jimmy has commissioned a brand new yacht, Aventura IV, from Garcia Yachting.

Does eclectic energy ship internationally?

At Eclectic Energy we ship everyday from the United Kingdom to the destinations around the world. We accept all major debit/credit cards and paypal. The assembly instructions were clear and user friendly. Certainly laying the whole unit out on the floor and carrying a pre-fit of all parts was a good idea.

The D400 uses an axial field, ironless rotor which means there is no cogging and hence no transmitted vibration. The D400 alternator uses large, powerful magnets and heavy copper windings which allow it to produce high power at lower turbine speeds. The highest quality, corrosion resistant materials are used throughout.

In a given wind speed and a given electrical output, the D400 rotates at less than one quarter the speed of some competitor units. Combined with its rugged engineering and advanced computer-designed air blades, this

makes the D400 the most reliable and benign turbine of its class currently available.

variant. The D400 is available in white or in black. o Inexpensive to purchase and virtually silent in operation, once installed the D400 is no more conspicuous than a satellite dish. Eclectic D400 The D400 is a direct-drive wind generator, designed for a variety of marine, rooftop or terrestrial applications. "The most powerful turbine at ...

Eclectic D400 Wind Generator 12 Volt The D400 is a direct-drive wind generator, designed for a variety of marine and terrestrial applications. It is exceptionally quiet and vibration-free in operation. The D400 features a powerful 3-phase alternator, and computer-designed rotor blades optimized for low speed, user friendly operation.

The rated power of ECLECTIC ENERGY D400 is 0,42 kW. At a wind speed of 2,5 m/s, the wind turbine starts its work. The rotor diameter of the ECLECTIC ENERGY D400 is 1,1 m. The rotor area amounts to 1 m². The wind turbine is equipped with 5 rotor blades. The ECLECTIC ENERGY D400 is fitted with a Direct drive - axial field gearbox.

The D400 is extremely efficient by design, making it the most powerful and productive wind generator of its rotor size currently available. The D400 has been developed specifically to operate in close proximity to people. The noise and vibration usually associated with small wind turbines has been designed out of the D400.

Del fabricante del reconocido Duogen, ponemos a su disposicion el aerogenerador Eclectic Energy D400. Si tiene un barco que necesita mas energí;a, o tienen pensado comprarse una fiable y silenciosa fuente de energí;a eléctrica, no lo dude; esta máquina es el que está; buscando.

Eclectic Energy can not be liable for damage caused by the D400 in the event of accidental contact, incorrect installation or insufficient care. However, Eclectic Energy Limited is committed to provide after sales care as fully and efficiently as possible in order to support our customers.

Features of the D400. Ideal for mounting on boats or buildings; Virtually silent and vibration free in operation; High efficient and productive at all wind speeds; Low maintenance "fit and forget" engineering; Attractive, visually pleasing design; Robust constructed for a long service life; Corrosion-resistant materials used throughout

The Eclectic Energy D400 is a direct-drive wind generator, designed for a variety of marine, rooftop and

terrestrial applications. It is exceptionally quiet and offers a vibration-free operation. Its available in marine coated white. The turbine ...

Thank you for purchasing the D400 Wind Generator, designed and manufactured by Eclectic Energy Limited. The D400 is one of the most efficient, powerful and well-engineered turbines currently available. Please read the entire manual thoroughly prior to installation to ensure your personal safety and the optimum performance of the equipment.

Der D.400 des englischen Herstellers Eclectic Energy ist der optisch Wuchtigste in unserer Reihe: Bei 17kg Gewicht, einem Rotordurchmesser mit 110cm und einem Drehkreis von 70cm fällt vor allem das große Rotorgehäuse auf. Er hat ...

Eclectic D400 wind generators: The D400 is a direct-drive wind generator, designed for a variety of marine, rooftop or terrestrial applications. "The most powerfull turbine at low speed" according to tests made by Practical Boat Owner

Thank you for purchasing the D400 Wind Generator, designed and manufactured by Eclectic Energy Limited. The D400 is one of the most efficient, powerful and well-engineered turbines currently available. Please read the entire manual ...

In a nutshell: We love it! We did quite a bit of research before selecting the D-400. Our requirements were that it kick in at low windspeed, have high output,... The Catamaran Adventures of Noel and Ceu. LIFE: Part 2. Subscribe to Updates! ... Eclectic Energy D-400 Wind Generator Review. Our D400 Wind Generator. In a nutshell: We love it!
