

What is Yitong explosion-proof container air-conditioning?

YITONG Explosion-Proof Container air-conditioning is a new generation of integrated cooling and heating air-conditioning units designed and developed for current mobile containers and mobile homes.

What is a container air conditioner?

The container air conditioner is specially developed for factory prefabricated modules. It's suitable for all walks of life that require factory prefabrication and modularization, such as energy, electricity, communication, experimental research, plant cultivation, and new retail. Ambient range: Standard is -15?~+55?.

What is the temperature range of a cabinet/container air conditioner?

Ambient range: Standard is -15?~+55?. Special design with -35?~+75? is available. Tailored Cabinet/Container air conditioner is for widely climate adaptability and flexible structure that are for energy storage, 5G data center, ocean platform, oil&gas exploration.

Atexxo Manufacturing produces explosion proof air conditioner split units for use in Zone 2 hazardous gas environments. The units are certified as ATEX Zone 2 and NEC Class 1 Division 2 compliant. They use R32 or R410A refrigerant ...

YITONG Explosion-Proof Container air-conditioning is a new generation of integrated cooling and heating air-conditioning units designed and developed for current mobile containers and mobile homes. This unit is developed based on ...

Application: 1. In flammable and explosive environments such as petroleum, chemical industry, military industry, medicine, storage, etc., type IIA and IIB explosion-proof air conditioners can be used; 2. In the environment of ...

The energy storage system uses two integral air conditioners to supply cooling air to its interior, as shown in Fig. 3. The structure of the integral air conditioners is shown in Fig. ...

Scientific Systems offers reliable and cost-effective explosion-proof window air conditioners custom-built for your operations to protect your workers and increase productivity. As your explosion-proof window air conditioner provider, we take ...

Explosion Suppression Systems: Some explosion-proof containers come with explosion suppression systems, including explosion firefighting equipment and gas detectors, to control explosive events. ...

Ask about our CSA and ATEX listed CAB series Wall Mount air conditioners. CAB SERIES OF WALL MOUNT AIR CONDITIONERS AND HEAT PUMPS-GENERAL PURPOSE (Updated: 09/2011) CAB SERIES OF WALL MOUNT ...

ATEX/IECEX Explosion Proof Air Conditioner (Split Type) is stable and reliable. It is used in the oil control, chemical, pharmaceutical and other industries with inflammable and explosive gases ...

Understanding the need for swift and hassle-free deployment, TLS containers are designed for effortless connection and quick mobilization. Our ability to incorporate comprehensive data ...
