

What kind of batteries does enerpower offer?

Under the ENERpower brand, we offer a range of LiFeO₄ batteries of various sizes and specifications. Batteries LiFePO₄ (lithium iron phosphate) are a type of lithium-ion battery with a cell voltage of 3.2V or 3.3V.

Who makes enerpower pedelec batteries?

The batteries that get you going! ENERpower has become a leading European supplier with our complete solutions for the conversion of bicycles to pedelecs. In addition to our high-quality Made-in-Germany batteries, we rely on notable manufacturers of additional components such as Bafang and Tongsheng (motor-systems), Modiary and Fuyuang (chargers).

What products does enerpower offer?

We also specialize in the supply of battery chargers, inverters and power systems. Enerpower has a catalog of industrial batteries suitable for a vast range of uses and for the most disparate application sectors. Always stay updated on all the news, upcoming fairs and new products in the Enerpower battery catalogue.

In addition to manufacturing with high-quality battery cells, we use high-quality battery management systems (BMS), which we sometimes design ourselves. We use pure nickel and copper as welding material. ... ENERpower Jerusalem ...

Reliable, versatile and durable, Enerpower's SLC Series AGM batteries are the ideal choice for any application requiring reliable, uninterrupted power. Contact us today to find out how SLC Series batteries can improve your energy infrastructure.

Enerpower propose une large gamme de batteries conçues pour stocker l'énergie produite par vos panneaux solaires et autres sources renouvelables, offrant une solution fiable et durable ...

Enerpower is a company specialized in the supply, installation and technical assistance services of high quality products in the sector of batteries for industrial applications, special starting and synergistic products such as battery chargers and inverters for systems in the renewable energy sector (solar - wind) .

Enerpower is a company specialized in the supply, installation and technical assistance services of high quality products in the sector of batteries for industrial applications, special starting and synergistic products such as battery ...

Under the brand ENERpower we offer a range of Battery Packs LiFePO₄ of different sizes and technical specifications. LiFePO₄ batteries have significant advantages over common lead accumulators in terms of cycle strength (lifetime), dimensions, ...

The Innovation of Marine Batteries in Israel. Israel is not only known for its technological advancements but also for its commitment to sustainability and environmental conservation. In recent years, the country has made significant strides in the development of marine batteries, revolutionizing the way we power marine vessels and equipment.

At Enerpower, we specialize in the custom design and manufacture of industrial battery packs for original equipment manufacturers ("OEM") from a spectrum of industries. Designs are developed for optimum manufacturing and performance, with emphasis towards minimizing cost.

Reliable, versatile and durable, Enerpower's SLC Series AGM batteries are the ideal choice for any application requiring reliable, uninterrupted power. Contact us today to find out how SLC Series batteries can improve your energy ...

Le batterie ENERPOWER serie SLC sono esenti da manutenzione e possono funzionare in un ampio range di temperatura. Progettate per offrire prestazioni affidabili e durature, le batterie AGM Serie SLC sono la soluzione perfetta per ...

La gamma di batterie Enerpower conta un grande numero di modelli con tecnologia AGM, GEL o Litio LiFePO₄, progettate per l'accumulo di energia da impianti solari o eolici. Enerpower offre ...

ENERpower Battery LiFePO₄ 12V (12.8V) 46.80Ah (560Wh) - replaces lead-acid batteries 12V, lead-gel batteries 12V Important General Information Our selection of LiFePo₄ batteries is ideal as a lightweight and long-lasting replacement for lead batteries (lead acid).

Bienvenue dans la section d'édiée aux batteries à décharge profonde Enerpower pour véhicules électriques. Vous trouverez ici une large gamme de batteries conçues pour alimenter vos ...
