

This is the first project in Belgium to make large-scale use of floating solar panels. With a capacity of 7.04 MWp, the solar farm is estimated to generate a total of 6,300 MWh of electricity per year, equivalent to the consumption of 1,550 ...

When deciding where to place the solar panels, the EQUANS teams had to take into account the shade created by the trees and hedges on the site. The owner's wishes to safeguard the view from his home, as well as ease of maintenance, were also important points of attention. The solar panels have therefore been installed in eight-row groups on a ...

With our deep technical experience and 15-year track record in solar and storage, we specialize in every aspect of the value chain, from design and engineering to installation, operation, and maintenance of solar plants, whether with or ...

Equans, through its new brand Equans Solar & Storage has secured a contract with global renewable energy company, Low Carbon, for the design and build of six new large scale UK solar farms - four of which will include battery energy storage solutions (BESS).

Equans Solar & Storage propose des solutions solaires et de stockage ; grande échelle, intelligentes et performantes, couvrant l'ensemble de la chaîne de valeur, de la conception ; l'exploitation en passant par l'installation et la maintenance. Elle assure une intégration optimisée au réseau électrique, ce qui constitue un atout majeur ...

Equans Solar & Storage is actief in 15 landen, met meer dan 1.500 experts op het gebied van zon-PV en hoogspanning, en heeft wereldwijd 5,5 GW aan zonne-energiecapaciteit geïnstalleerd, 550 MWh BESS en ...

From design over installation and maintenance to administration, EQUANS follows up your solar energy project from A to Z. A Project Leader becomes your contact for all elements of your solar installation. Professional project planning Professional project planning .

With our deep technical experience and 15-year track record in solar and storage, we specialize in every aspect of the value chain, from design and engineering to installation, operation, and maintenance of solar plants, whether with or without energy storage and grid connection. We are a reliable Engineering Procurement Construction partner ...

Erik Groen, can you tell us about your role at Equans and the importance of the new Solar & Storage Systems Business Unit? ERIK GROEN: I head up the new Battery Storage Business Unit at Equans and report directly

to Elizabeth Benedetto, the Managing Director. We launched the Solar & Storage Business Unit in April 2023 and are focused on leveraging Equans' long ...

Through its subsidiary, Equans Solar & Storage, Equans will be responsible for designing and building six new large-scale solar farms in the UK, with four of them incorporating battery energy storage solutions (BESS). This strategic partnership aims to contribute to the UK's clean energy transition and support the country's net-zero ambitions.

Equans a créé plusieurs marques de spécialité, comme Equans Solar & Storage, Equans Data Centers ou Equans Nuclear. Equans Digital a également contribué à l'accroissement de la performance globale (énergétique, technique, d'usage) des installations de ses clients. Par les nouvelles technologies et la data, Equans est ...

Equans Solar & Storage est une marque de spécialité d'Equans. Equans, filiale du groupe Bouygues, est un leader mondial du secteur des énergies et services, implanté dans 20 pays, avec 90 000 collaborateurs* travaillant sur les cinq continents et un chiffre d'affaires 2022 combiné de près de 18 milliards d'euros**.

We design and deliver turnkey utility scale solar PV farms of the highest quality, which consistently outperform competition. We use tier-1 equipment exclusively, and provide best-in-class maintenance to the assets we build; guaranteeing long term project performance.

We install roof mounted Solar PV, helping our clients to meet their demand for electricity generated onsite from a renewable source. We also provide measurement and verification using smart metering and digital data, enabling you to monitor the efficiency of energy generation.

Jarkko Lahti, Head of Solar Power Construction unit: +358 40 747 1909, jarkko.lahti@destia . Notes :
*Destia fait partie du groupe mondial Colas, détenu à 100 % par le groupe Bouygues. Equans Solar & Storage est une marque de spécialité d'Equans, qui fait partie du groupe Bouygues. ** Calcul basé sur une utilisation moyenne de 5 000 KW.

Flintshire Solar Farm . In February 2021, Equans completed work on a 3.1m solar farm on behalf of Flintshire County Council. As part of the project, Equans installed 9000 400W solar photovoltaic (PV) panels across two brownfield site ...
