

What is Inter Ethiopia?

We have entered into a joint venture with Offgridsun SRL to establish Inter Ethiopia, a partnership dedicated to designing and supplying solar power systems in Ethiopia.

Why should you choose Inter Ethiopia?

Inter Ethiopia is committed to provide its customers environment-friendly energy solutions. We would like to assist you in Consulting Services, Import of Solar system products as well as Solar Projects. Hope we can get the support from all of our solar customers to build a bright future.

What is EG4 3000 ehv-48?

The EG4 3000 EHV-48 combines the capabilities of a 3000W inverter, MPPT solar charger, and battery charger to provide uninterrupted power support to your system. The inverter/charger's comprehensive LCD display allows you to easily customize the settings for your system.

What makes EG4 3000 ehv-48 a good inverter/charger?

The inverter/charger's comprehensive LCD display allows you to easily customize the settings for your system. Additionally, the EG4 3000 EHV-48 supports parallel connection of up to 12 units and offers overload, overtemperature, and short circuit protection, making it safe and efficient.

Does EG4 3000 ehv-48 support parallel connection?

Additionally, the EG4 3000 EHV-48 supports parallel connection of up to 12 units and offers overload, overtemperature, and short circuit protection, making it safe and efficient. Parallel: Up to 12 units for a max of 36kW of continuous AC power.

5Kw Hybrid Inverter & Lithium battery in Ethiopia. Price : 330,000.00 ETB . Posted ... ??????? ?5 ??? ????
