

Why is energy important for Ethiopia?

Energy is one of the most significant sectors for Ethiopia's economic growth and development and is expected to increase significantly in the medium run. Ethiopia has abundant renewable energy resources and the potential to generate over 60,000 megawatts (MW) of electric power from hydroelectric, wind, solar, and geothermal sources.

What is energy sector support in Ethiopia?

The focus of energy sector support in Ethiopia is aligned with Power Africa 2.0 objectives, which include advancing sustainable development through private sector led partnerships, promoting economic prosperity, and an increased focus on the enabling environment, transmission, and distribution. Technical assistance provided includes:

Which sector consumes the most energy in Ethiopia?

All in all, energy consumption in Ethiopia continues to be dominated by the residential sector which accounts for 95% in 1990 and 88% in 2018. During the same period, the shares of industry and transport sectors grew, respectively, from 1.3 to 3.7%, and from 1.8 to 5.5%.

How much energy does Ethiopia use?

The review shows that energy supply and consumption in Ethiopia are dominated by bioenergy (88%) and by households (88%), respectively. Electricity barely accounts for 3% of the total energy supply although its generation has increased by more than four times between 2004/05 and 2018/19.

How much electricity does Ethiopia export a year?

Foreign (or export) demand for electricity is a recent energy demand sector. Fig. 3 shows, between 2012/13 and 2018/19, Ethiopia exported an average of 895 GWh electricity per year. Electricity export is forecasted to reach to 35,303 GWh per year by 2037. Fig. 3. Forecasted electricity export sales in Ethiopia.

Why is energy transition important in Ethiopia?

Energy transition is also one of the major topics in Ethiopia's international development and trade cooperation as it is linked with climate finance, loans and grants, foreign direct investment, and knowledge and technology transfers [, ,].
