

The companies in Solar Finland group are spread throughout the solar PV sectors each covering their own market areas. Whether it is manufacturing solar panels locally, designing and building production lines, or sales, design, and construction of comprehensive turnkey solar solutions, they all belong to the expertise area of Solar Finland.

Solar Fire Concentration Oy: Thermal and optical engineering for cost efficient solar heat systems. Solartukku Oy: Supplier of PV and solar thermal solutions to retailers and partner organizations. Solarvoima Oy : Solar PV turn-key supplier, specialized in consumer and small business scale.

We deliver and install solar panels in most regions of Finland. At present, the excluded regions are Lapland and Åland. We make it easy for you to take advantage of solar panels, and we ensure that your solar panels start producing electricity as expected.

The top monocrystalline solar panel manufacturers in Finland include Savo-Solar Oyj, Valoe Corporation and Naps Solar Systems. When other solar companies have come and gone, these brands continue to excel while providing top-rated panels.

As the demand grew, Areva Solar Oy (now Salo Solar Oy) was established in 2013 solely for selling solar energy systems. The quick growth of the market also meant that there were more and more cheap, lower quality solar panels available with no guarantee of their durability against the Nordic climate conditions.

Finnish solar panel installers - showing companies in Finland that undertake solar panel installation, including rooftop and standalone solar systems. 134 installers based in Finland ...
