

Who is Forsee power SAS?

Values delayed up to 15 minutes FORSEE POWER SAS is a France-based company specialized in the design, manufacture and marketing of smart battery systems for use in the electric mobility market. This company provides advanced lithium-ion battery systems for any mobility application despite of the charging infrastructure or hybrid mode.

Who is Forsee power?

A pioneer in the design and manufacture of high value-added battery systems, Forsee Power has positioned as a leader in its markets and benefits from a unique presence in Europe (France and Poland), Asia (China and India) and in North America (Ohio).

What makes Forsee power unique?

Our Forsee Power experts develop innovative solutions with the latest and most robust battery cells available on the market and proprietary Battery Management Systems that integrate high-performance electronics, accurate voltage readings and efficient communication systems.

What happened to Forsee Power sa (par)?

As of last trade, Forsee Power SA (FORSE:PAR) traded at 0.979, 34.11% above the 52 week low of 0.73 set on Aug 20, 2024. Data delayed at least 15 minutes, as of Sep 03 2024 14:40 BST. All markets data located on FT.com is subject to the FT Terms & Conditions
