

Where is EnerSys located?

Newport, UK Welcome to Newport A global and local presence. EnerSys operates more than 32 manufacturing facilities around the world serving over 10,000 customers from a wide range of industries in 100 countries. We are the recognized global leader for stored energy solutions and systems.

Will Guyana's new power plant provide a year-round electricity supply?

It will provide year-round supply for the equivalent of 10,000 homes in Western Guyana at an estimated lower cost than the territory's diesel plants. The plant is designed to provide electricity 24 hours a day, without interruption and without generating greenhouse gases, fine particles, noise or smoke.
