

French renewable energy company Voltalia has completed the expansion of a renewable energy plant in French Guiana, adding a battery energy storage system (BESS) of 10.6MWh. The Paris-listed company announced the commissioning of the Sable Blanc solar-plus-storage project yesterday (10 May).

Voltalia is the sole winner of the fifth period of the CRE 4 tender for non-interconnected areas for ground-based solar power plants in French Guiana. The project, called "Parc Sable Blanc", ...

This power plant will reinforce the Toco storage complex. Located in French Guiana, the Toco complex is one of the largest storage systems in France, with 12.6 MW/16.5 MWh in operation and 0.5 MW/0.6 MWh under construction. A second battery storage project in the Toco storage complex

ESN Premium speaks with representatives of Lunar Energy and Nomad Power Systems, respectively targeting the tricky VPP and mobile power markets with energy storage-backed solutions. A couple of recent ...

French RE developer Voltalia has recently announced the commissioning of its Sable Blanc power plant combining solar photovoltaic production and battery energy storage in French Guiana. Developed entirely by the company, the hybrid project is claimed to benefit from a guaranteed sales price for 20 years.

French renewable energy company Voltalia has completed the expansion of a renewable energy plant in French Guiana, adding a battery energy storage system (BESS) of 10.6MWh. The Paris-listed company announced ...

French renewable power plants operator Voltalia SA (EPA:VL TSA) on Monday announced the commissioning of the 3.8-MW Savane des Peres solar park in French Guiana, which has an integrated battery storage component.

RUBIS RUBIS: Rubis participates in the construction of the world's first multi-megawatt hydrogen power plant in French Guiana 29-Sep-2021 / 17:45 CET/CEST Dissemination of a French Regulatory News, transmitted by EQS Group. The issuer is solely responsible for the content of this announcement. Paris, September 29, 2021, 17:45 pm RUBIS PARTICIPATES ...

At present, Voltalia has 29 MW of capacity in operation and under construction in French Guiana. This total includes biomass, hydropower, battery storage and solar photovoltaic (PV) projects. In October last year, the ...

French RE developer Voltalia has recently announced the commissioning of its Sable Blanc power plant combining solar photovoltaic production and battery energy storage in French Guiana. Developed entirely ...

Voltalia is the sole winner of the fifth period of the CRE 4 tender for non-interconnected areas for ground-based solar power plants in French Guiana. The project, called "Parc Sable Blanc", combines a five-megawatt photovoltaic power plant with a lithium-ion battery storage facility with a capacity of 5 megawatts and of 9.3 megawatt-hours.

French renewable power producer Voltalia SA (EPA:VL TSA) has started the construction works on a 5-MW solar farm combined with a 10.6-MWh lithium-ion battery storage unit in French Guiana. Named Sable Blanc, the photovoltaic (PV) plant should be able to generate 7,430 MWh annually, enough to meet the electrical demands of 3,090 people in Western ...

Renu's commitment to exceptional customer service and quality assurance uniquely positions the company to redefine industry benchmarks through the sale of solar plus battery storage, now with Swell's built in virtual power plant capabilities.

ESN Premium speaks with representatives of Lunar Energy and Nomad Power Systems, respectively targeting the tricky VPP and mobile power markets with energy storage-backed solutions. A couple of recent bankruptcies highlighted the challenges faced by battery storage providers that target distributed or niche segments of an otherwise booming market.

French renewable power producer Voltalia SA (EPA:VL TSA) has started the construction works on a 5-MW solar farm combined with a 10.6-MWh lithium-ion battery storage unit in French Guiana. Named Sable Blanc, ...

At present, Voltalia has 29 MW of capacity in operation and under construction in French Guiana. This total includes biomass, hydropower, battery storage and solar photovoltaic (PV) projects. In October last year, the French firm and its partner Banque des Territoires, part of France's Groupe Caisse des Depots brought online a 2.6 MW/2.9 MWh ...
