

In French Guiana, commissioning of a combined solar and storage power plant Voltalia (Euronext Paris, ISIN code: FR0011995588), an international player in renewable energy, announces today the...

Together, the two facilities possess a combined capacity of 10 MW, generating sufficient energy to cover the annual electricity needs of close to 3,600 homes in French Guiana. In French Guiana, EDF now has eight solar facilities in service, including three that are equipped with battery storage systems.
