

What is a GAF energy solar roof warranty?

With a GAF Energy solar roof, the warranty covers both the roof and solar; that's one more way we're making solar simple for you and your customers. But making solar simple means providing more than just a product, even if it is the world's first nailable solar shingle.

Does GAF energy offer solar?

GAF Energy helps roofers offer solar to homeowners by providing well-designed hardware components and a full suite of design, permitting, and electrical services. Our roof-integrated Timberline Solar(TM) is game-changing nailable solar. All GAF Energy solar roofing products provide excellent water-shedding qualities.

Why should you choose GAF energy for solar roofing?

As homeowners take greater interest in solar and its benefits, solar roofing becomes key to serving customers well and staying competitive. GAF Energy helps roofers offer solar to homeowners by providing well-designed hardware components and a full suite of design, permitting, and electrical services.

Can a GAF certified roofing contractor install solar?

GAF-certified roofing contractors can install both the roofing and solar components. Energy with a conscience Choosing solar plays a role in renewable energy growth. That's a great thing, for now and for generations to come. Savings will vary and are not guaranteed.
