

Does Elon Musk own the gambit energy storage park?

A photograph taken on March 4 by a drone shows the Gambit Energy Storage Park in Angleton, Texas. The utility-scale battery project is owned by a Tesla subsidiary. Elon Musk is getting into the Texas power market, with previously unrevealed construction of a gigantic battery connected to an ailing electric grid that nearly collapsed last month.

What is the Gambit project?

The Gambit project was originally developed by San Francisco-based Plus Power, a privately held renewables company that has battery operations in several states. Scott Albert, the former city manager of Angleton, said it was obvious that Plus Power was working with Tesla.

Is Gambit a Tesla subsidiary?

A filing with the U.S. Securities and Exchange Commission lists Gambit as a Tesla subsidiary. Executives from Tesla did not respond to multiple requests for comment. Shares of Tesla gave up early gains Monday, falling 6% to \$562.31 as of 3:17 p.m. in New York. The stock has fallen for the past four days and is down about 20% so far this year.

A Tesla Inc. subsidiary registered as Gambit Energy Storage LLC is quietly building a more than 100 megawatt energy storage project in Angleton, Texas, a town roughly 40 miles south of...

A Tesla subsidiary registered as Gambit Energy Storage LLC is quietly building a more than 100 megawatt energy storage project in Angleton, Texas, a town roughly 40 miles south of Houston.

The battery-storage system being built by Tesla's Gambit subsidiary is registered with Ercot. Warren Lasher, senior director of system planning at Ercot, said the project has a proposed commercial operation date of June 1. The site is adjacent to a Texas-New Mexico Power substation.

What is the benefit of having battery storage on the grid? Large scale battery storage systems like the Gambit facility benefit the local electrical grid by providing resiliency and flexibility from a non-emitting capacity resource.

The battery-storage system being built by Tesla's Gambit subsidiary is registered with Ercot. Warren Lasher, senior director of system planning at Ercot, said the project has a proposed commercial operation date ...
