

Who is Generac Power Systems?

Since 1959, Generac Power Systems has been committed to building the most reliable, durable, efficient, and environmentally-friendly generators and power equipment.

What is a Generac pwrcell battery?

The Generac PwrCell was released in 2019 and has since become one of the most recognizable batteries in the solar industry. This solar battery was designed to make it easy for homeowners to get the exact battery capacity that they need for their home's energy needs.

Where can I buy a generator battery?

Consult the generator owner's manual for the specific battery part number. Home standby batteries can be found in most auto parts stores. Portable batteries can be purchased from Amazon, Batteries Plus, OrderTree, and large hardware store chains like Home Depot and Lowe's.

Why should you buy a Generac home standby generator?

At Generac, we protect the things that power your life with quality, accessible solutions. As the #1 selling brand of home standby generators, our offerings extend to portable, residential and commercial generators, transfer switches, and accessories to give you power when and where you need it most.

Why should you buy a Generac gb1000?

Clean, Emission-Free Power Anywhere: Take advantage of clean and portable power with the Generac GB1000. Whether you're at home, on a camping trip, or enjoying outdoor activities, this power station provides reliable and emission-free energy.

How much energy does a Generac battery deliver?

Generac expects each battery module to deliver 7.56 MWh of energy during its lifetime. Be aware that once a module hits its throughput (7.56 MWh), it is no longer covered under warranty. End-of-warranty capacity guarantee: Your battery's overall capacity will start to deteriorate over time.
