3 ???&#0183; El Gobierno de Gibraltar est&#225; aceptando manifestaciones de inter&#233;s de promotores para instalar sistemas solares en determinados lugares del territorio. Los detalles de la licitaci&#243;n indican que el Gobierno busca un despliegue por fases de sistemas solares en gran parte sobre tejados, desarrollados en el marco de un acuerdo de compra de energ&#237;a.

Between 2016 and March 2022, Eco Wave Power operated a grid-connected proof-of-concept wave energy array in Gibraltar, as part of a 5 MW Power Purchase Agreement that EWP signed with the Government of Gibraltar and Gibraltar's National Electric Company, GibElectric.

Government of Gibraltar is inviting bids from economic operators to design, install, operate and maintain a PV Panel installation on the south eastern side of the airport apron. Remuneration would be via the sale of power generated by these panels through a power purchase agreement as specified in the Tender Documents.

Gibraltar's rooftops provide a valuable opportunity to host solar based renewable energy production, in the

form of, but not limited to, PV and SWH panels. The efficient and effective adaptive reuse of - this significant resource is sure to have a positive impact towards the achievement of a Net Zero future.
