

Introducing Solar + Battery Storage! Generation Renewable - Guam and Sunnova are now offering Solar Energy Systems with Battery Storage Systems. This means that your back up panel board in your home will have power even when utility power isn't available, like during power outages or during and after a storm.

BATTERIES: The Guam Power Authority's 16-megawatt energy storage facility in Talofofo, using utility-scale lithium-ion batteries, came online March 1. Located near the Dandan solar farm, the...

In August 2024, a group of Guam energy stakeholders and government leaders gathered to take another step toward a future in which the U.S. territory transitions to 100% renewable energy by 2045. The stakes are high. Guam is primarily powered by expensive, imported fuel oil.

This morning, a ribbon-cutting was held at the Guam Power Authority's Hagatna and Talofofo grid-scale Battery Energy Storage Systems. The ESS supports intermittent renewable energy, will improve syste

Guam has one of the most ambitious energy plans in the United states. In November 2019, a law was passed to require the Guam Power Authority to provide 50% of its power using renewable...

This morning, a ribbon-cutting was held at the Guam Power Authority's Hagatna and Talofofo grid-scale Battery Energy Storage Systems. The ESS supports intermittent renewable energy, ...
