Myanmar's rich biodiversity underpins a range of critical sea, air and land-based ecosystems. If managed well through the use of sustainable land and marine use practices, these vast and complex systems have the potential to contribute to a more stable climate, boost agricultural productivity, contribute to energy security and sustain growth for generations to come.

Green Life is nonprofit environmental protection and social development group in Myanmar. It was formed by villagers with 48 members in 2011 at Sagaing Region, Sagaing Township, Tabuyin Khwe village. Now, Green Life's members are 280 youths from the local community. Its headquarter is located in Sagaing Township, Tabuyin Khwe village. In June 2018, the group received an award from State Counsellor of Myanmar
