

Who makes greenlinx batteries?

Greenlinx have developed a range of batteries to push the technical boundaries of performance, temperature management, monitoring and technical support. Greenlinx are exclusively distributed by Infinity Innovations Ltd. in the UK and Europe. While they are quite recent to the UK market they are by no means new to the battery storage industry.

How many greenlinx batteries can be connected?

Modular - from 1 to 8 Greenlinx batteries can be connected. **PRICE INCLUDES INSTALLATION** Good communication before and after I purchased an extra 6.5kW battery for my existing system. Battery arrived within the time stated. Friendly and knowledgeable installation team arrived on the same day and fitted battery without a hitch.

Are greenlinx batteries any good?

The Greenlinx batteries have very limited performance reduction compared to all other domestic home solar Lithium batteries; they remain at full capacity down to zero degrees. In addition, each battery has superior charge rate of 40Amps and discharge rates of 60Amps which means faster charge and discharge capability.

Is greenlinx a flexible system?

So it is a flexible system. Greenlinx sells batteries with a capacity of 3.2 kWh per unit. It is easy to link multiple batteries together to obtain the amount of battery storage needed. For example, if the system requires 12.8 kWh of storage, then four batteries will have to be purchased.

Can a greenlinx system be connected to a standalone system?

Please note this is not a standalone product, it can only be connected to a system that already has Greenlinx. This price includes installation. If you would like a quote for this system, please call 0800 156 0191 or simply answer these few questions and we will get back to you with your finance options.

Greenlinx Hanchu Batteries I did post about these and included a link to a company that has a bad rep which confused things - was wondering if anyone had these batteries installed or reviewed them <https://www.greenlinxbatteries.co.uk/> ... Is that the only battery they provide with their installations?
