

Introducing the Battery-Box Premium HVL, a high-powered energy storage solution that provides emergency-backup and off-grid functionality. Its high-voltage series connection ensures maximum efficiency, and its patented modular plug design allows for flexibility and ease of use.

One Battery-Box Premium LVS is a lithium iron phosphate (LFP) battery pack for use with an external inverter. A Battery-Box Premium LVS contains between 1 to 6 battery modules LVS stacked in parallel and can reach 4 to 24 kWh usable capacity. Connect up to 16 Battery-Box LVS 16.0 in parallel for a maximum size of 256 kWh.
