

Does Guatemala have solar energy?

Notably, Guatemala has seen previous ventures into solar energy, including the announcement of a 5 MW photovoltaic project in 2014 and a subsequent tender for a 110 MW project in 2019, which was later cancelled. As of 2023, the country had an installed photovoltaic capacity of 105 MW, according to IRENA statistics.

Who builds a solar PV plant in El Salvador & Santa Rosa & Villa Sol?

MPCES has signed a turnkey contract with the Enerland Group for the engineering, equipment procurement, and construction of the plant. Enerland also built the 21.3 MWp solar PV plant Santa Rosa & Villa Sol in El Salvador for MPCES, which commenced operations in early 2023 after just 12 months of construction.

What is Enerland doing in El Salvador?

Enerland also built the 21.3 MWp solar PV plant Santa Rosa & Villa Sol in El Salvador for MPCES, which commenced operations in early 2023 after just 12 months of construction. Once operational, the plant is expected to generate around 141 GWh of electricity per year.

How much electricity will IMSA produce in 2023?

Once operational, the plant is expected to generate around 141 GWh of electricity per year. As announced in February 2023 by MPCES, the output from the plant will be sold entirely to Ingenio Magdalena S.A. (IMSA) under a 16-year fixed-price PPA. The IMSA Group is Guatemala's leading producer and exporter of refined sugar.

MPC Energy Solutions (MPCES or the Company) has initiated the construction phase of its San Patricio Renovables solar photovoltaics (PV) plant in Guatemala, boasting a capacity of 65 MWp. By issuing a limited notice ...

Spanish company Enerland Group unveils plans to build Magdalena Solar, a 66 MWp photovoltaic park, marking its entry into Guatemala's renewable energy sector. The project aims to generate 141 GWh annually, contributing to the country's energy transition.

Amsterdam/Oslo - 19 February 2024 - MPC Energy Solutions ("MPCES", "Company") announced today that it is nearing the start of construction of its 65 MWp solar PV plant San Patricio in Guatemala. The Company is working on ...

Enerland Group, a Spanish firm, has announced its expansion into Guatemala's renewable energy market with the inauguration of its headquarters in the country and the commencement of construction on its inaugural photovoltaic park, Magdalena Solar, boasting a capacity of 66 MWp.

Global clean energy provider MPC Energy Solutions (MPCES) announced its entry into the Guatemalan market after signing a long-term power purchase agreement (PPA) with Comercializadora de Energí;a Para el Desarrollo, a subsidiary of Ingenio Magdalena (IMSA Group). Under the agreement, MPCES will construct a 65-MWp solar PV plant.

Amsterdam/Oslo - 19 February 2024 - MPC Energy Solutions ("MPCES", "Company") announced today that it is nearing the start of construction of its 65 MWp solar PV plant San Patricio in Guatemala. The Company is working on finalizing the relevant construction and financing agreements in the next two weeks.

Amsterdam/Oslo - 26 February 2024 - MPC Energy Solutions ("MPCES", "Company") announced today that it has started construction of its 65 MWp solar photovoltaics ("PV") plant San Patricio Renovables in Guatemala. The Company issued a limited notice to proceed to the project's turnkey EPC contractor and thereby secured very ...

Spanish independent power producer Ecoener SA has signed an agreement with Central American bank BAC and Dutch development bank FMO to obtain a USD-64-million (EUR 60.1m) green loan for a solar photovoltaic project in Guatemala.

MPC Energy Solutions (MPCES or the Company) has initiated the construction phase of its San Patricio Renovables solar photovoltaics (PV) plant in Guatemala, boasting a capacity of 65 MWp. By issuing a limited notice to proceed to the project's turnkey Engineering, Procurement, and Construction (EPC) contractor, the Company has secured ...

The group, which processes 6.5 million tons of sugarcane per year, is also the largest private energy producer in Guatemala and supplies around 8 percent of Guatemala's total energy consumption...

Low-carbon energy infrastructure developer MPC Energy Solutions (MPCES) announced today the start of construction works on a 65-MWp solar project in Guatemala, the largest project in its portfolio so far.

Amsterdam/Oslo - 19 February 2024 - MPC Energy Solutions ("MPCES", "Company") announced today that it is nearing the start of construction of its 65 MWp solar PV plant San ...
