

Trident Energy, the latest company to orbit into the Warburg Pincus galaxy, has continued to recruit from the pool of talents who have forged most of their career at Perenco. Trident Energy's managing director and former Perenco CEO Jean-Michel Jacoulot recently picked John Crick and Edwin Lopez to join his team as subsurface managers.

Jean-Michel Jacoulot co-founded Trident Energy in 2016. He is the Chief Executive Officer and a key member of the Board of Directors. He oversees strategic decision-making, the organization of the group and M& A activity, and was instrumental in the acquisition of Trident's first asset in Equatorial Guinea.
